EXPERIENCE

WEB DEVELOPMENT INTERN

[Underbelly Creative](#) || Salt Lake City, UT

June 2017 - Present

- Worked in React building styled reusable components for client websites
- Actively developed for the new Underbelly.is website and client case studies
- Participated in Daily stand ups and weekly planning

FRONT END TEACHING ASSISTANT

[DevPoint Labs](#) || Salt Lake City, UT

April 2017 - Present

- I TA Dev Point Lab's Front End Web Development Course.
- I help students solve problems while their developing
- I work with Javascript, ReactJS, Redux, ExpressJS, Ajax, jQuery, Git, MongoDB, and others.

WORDPRESS DEVELOPER

[MotionWeb](#) || Salt Lake City, UT

2015 - Present

- I build affordable, easy to maintain, modern, responsive websites.
- I build sites with a variety of technologies depending on the requirements and needs of the client.

VIDEO DIRECTOR || WEB DEVELOPER

[Construx Software](#) || Bellevue, WA

2014 - 2016

- I created engaging online video training for software teams.
- While I main responsibilities were to the video production I also led the redesign of the CXLearn LMS (The Learning Management System built by Construx).
- I implemented a completely new design and added mobile responsiveness using CSS, Bootstrap and HTML.
